

HOW SHOULD I STREAM CHURCH ON SUNDAYS?

Grace Bible Church uses two streaming platforms: YouTube (@gracebibletx) or Church Online (live.grace-bible.org). The content on both streams is the same, while the difference is in the viewing experience.

Church online provides us the opportunity to interact as a congregation. We can chat, pray, link directly to our website, view sermon notes, questions, and other announcements.

If you're more accustomed to streaming from YouTube on your Smart TV, don't worry, we're still here! The service will appear on our channel when the stream begins.

We're looking forward to worshiping together on Sundays, and are thankful for a church that still gathers despite the circumstances.
